F55010M0 Dishwasher

The best results for the minimum amount of energy, every time

Thanks to its automatic program, this dishwasher automatically provides the best cleaning results for your washing load for the minimum of energy.

Plan ahead, thanks to the delay-start function

With this delay-start function, you can plan ahead. So you get clean dishes when you want them, without switching the dishwasher on straight away.

Optimised performance from your detergent

By activating the Multitab function, you can ensure the cycle time and temperature are adjusted to suit the type of detergent you use, optimising performance.

More Benefits :

• Salt and rinse-aid indicators so you know exactly when to refill

• An intelligent range of programs, selected to be of maximum use

• Special glass program for perfect protection while cleaning

Features :

• Energy efficiency (2010/30/EC): A
•Installation: FS
•Stainless steel door, panel and plinth
•Loading capacity: 12 IEC settings
•Noise level: only 47 (IEC 60704-3)
•Water and energy consumption: 13 l, 1.05 kWh for program Eco 50
•Glass protection program
• 5 programmes, 4 temperatures
•Dishwasher programmes: 30 MIN 60°, Auto 45-70, Eco 50, Glass 45, PRO 70°
•Drying system: DryTech System
•Panel with symbols
•Panel with 3 digits display
•Comfort-Display
•Thermo Efficient Technology
•Delay start option from 1 to 19 hours
•Remaining time indication
•SENSORLOGIC dishwasher
•Water sensor detects the level of dirt and adjusts water consumption
•Indications for salt and rinse aid
•Indications for Delay start 1h-19h, Multitab, Program running, Rinse aid, Salt
•Upper basket with Foldable cup shelves
•Lower basket with 2 foldable plate racks, Wire handle
•Cutlery basket
•AQUA-CONTROL
•Special option for combi-tablets with adapted cycle

Technical Specs :

• Standard place settings (2010/30/EC) : 12
•Energy efficiency (2010/30/EC) : A
•Energy cons. annual (kWh) (2010/30/EC) : 311
•Energy cons. (kWh) (2010/30/EC) : 1.08
•Off mode power cons. (W) (2010/30/EC) : 0.1
•Left-on mode power cons. (W) (2010/30/EC) : 1.9
•Water cons. annual (l) (2010/30/EC) : 3640
•Drying efficiency (2010/30/EC) : A
•Declared programme (2010/30/EC) : Eco 50
•Standard programme time (min) (2010/30/EC) : 155
•Left-on mode duration (min) (2010/30/EC) : N/A
•Noise level (dB(A) re 1 pW) (2010/30/EC) : 47
•Product Installation : Free_Standing
•Installation : FS
•Cleaning efficiency (2010/30/EC) : A
•BI dimensions HxWxD in mm : Not applicable
•Dimensions HxWxD in mm : 850 x 600 x 610
•Panel color : Stainless steel
•Door color : Stainless steel
•Required fuse (A) : 10
•Connected load (W) : 2200
•Voltage : 220-240
